KENTUCKY CORN AND COR MILL. IT is well known that there is great economy in crush-ling or grinding the kernels of all grain before feed-mission on Property when trades may be commenced. ling or grinding the kernels of all grain before feed-ing it to stock, and that there is much nutriment in the ceb when properly broken or ground. And the only reason that mills arranged to produce these desired results have not been more generally introduced among Washington St. Adjoining the Palmer House. cure will planters and farmers, has been their complex arrange-

ment and high cost.
In the Kentucky Corn and Cob Mill, of which the above is an accurate engraving, we claim to have produced a machine at once efficient, substantial and chea while its arrangement is so simple that the most orders hand can adjust and operate it. This muchin unlike any other, is regulated by means of a single set ONE QUARTER of their corn over the old plan of feeding. We warrant our Mills to give entire satisfaction ally than Purchasers may use them for thirty days, and, if not satisfied, can return them and get their money. They will grind Corn and Cob as fine as desired, a hurrying the following rate, per hour, with one horse:

brought into practice in the Brompton Hospital of London, where it was practiced by as celebrated Physicians
as the world can boast of, with astonishing success, as

These in want of any thing in our line will do well to.

These in want of any thing in our line will do well to.

This system is founded on the common sense principle. The system is founded on the common sense principle. ple of treating the disease and not its effects. The med-teine, in the form of vapor, is applied directly to the seat of the disease, leaving the stomach free to aid in restoring health by farmishing to it a healthy, life giving food. The common, but about practice of treating dis-eases of the Lungs, through the medium of the stomach, demonstrates its injudiciousness as well as a universal ailure can. We earnestly appeal to those afflicted with lung diseases to embrace the advantages of Inhalation toms, age, sex, hereditary predispositions, de , can have THE Most Humorous Book of the Season is PHC an inhaler and medicine sent to any point they may or NIXIANA; or Sketches and Buriesques, (a Second der. Office No. 12% Illinois street, Examinations fie STEWART & BOWEN'S.

The following continuous tion, to wit:

1:t. Lands entered with cash, or located with military bounty land warrants or scrip, after the passage of the act of 28th September, 1856, and prior to the passage of the act of 2d March, 1855, "For the relief of purchasers and locators of awamp and overflowed lands."

2d. Lands already patented to the Suste under the
